American Consolidated Mining
205 South 100 East
Pleasant Grove, Utah 84062

Notice of Noncompliance

As per 43 CFR 3809.1-4 a plan-of-operations must be submitted and approved prior to conducting operations on public lands which disturb 5 acres or more. A recent examination of your IP claims in T8S R17W section 19 N1/2SE1/4 and section 20, N1/2SW1/4 revealed that approximately 2.25 miles of drill roads disturbing approximately 6 acres had been constructed. No operations which cause new disturbance on public lands may be conducted until a plan-of-operations has been submitted and approved. In addition American Consolidated must submit a plan-of-operations within 10 days of receipt of this notification (outline enclosed). The plan-of-operations is to include proposed reclamation which should in general consist of recontouring disturbances and seeding and any proposals additional operations. A field examination of the area has been scheduled for July 5 and 6, 1989. Please contact Steve Brooks at 524-5348 if you have any questions and to confirm the field examination dates.

Failure to comply with these requirements will result in mandatory bonding and you may be enjoined by a court order.

You have the right to appeal to the Utah State Director, Bureau of Land Management, in accordance with 43 CFR 3809.4. If you exercise this right, your appeal, accompanied by a statement of reasons and any arguments you wish to present, which would justify reversal or modification of the decision, must be filed in writing at this office within 30 days after the date of this decision. This decision will remain in effect during appeal unless a written request for a stay is granted.
